

WP Assessment Driver Flow and Screen Changes

Expected Outcome:

Awareness and knowledge of the changes that have been made to the work program assessment driver flow and screens.

Objectives:

Upon completion of this course, you will be able to:

- Identify the new assessment driver flow for ongoing work program cases.
 - Recognize new fields on each of the assessment screens.
 - Complete the two new screens added to the driver flow.
-

 language, please contact (608) 266-9700 or (608) 267-0927 (voice/TDD).
 For civil rights questions, call (608) 267-0927 (voice/TDD).

Introduction

This document provides information related to the changes being made to the WP subsystem in CARES. These changes have been made in order to provide a better process in CARES for case managers to complete thorough informal assessments with their participants and gather more complete information in one location. Any case manager who works with W-2, FSET, WAA, WTW, or Children First will be affected by the changes.

Changes include deletion of some fields, addition of new fields, and three new screens. The order of the driver flow for enrolled individuals has been rearranged. All WP assessment screens will now have history. Workers can access this history by using the PF8 key on any screen with More... in the lower right corner.

This packet contains screen prints of the new screens and identifies the changes. The numbers along the left and right of the screen prints indicate which line of text the fields are on. These line numbers will be referred to when fields are identified. When a field has been deleted from a line, the line number will refer to the line number from the screen as it looked prior to 12/21/01. A separate handout contains copies of the screens as they looked prior to 12/21/01.

Tables relevant to each screen are listed. There have been changes to some of the existing tables, but they will not be discussed in this document. New tables are located in the appendix.

Deleted Lines/Fields

Line 7: Reason Left (school)

Line 12-14: The third, fourth, and fifth lines of entry fields for Where Attended, Degree, MM/YR Received, and Course of Study

Added Lines/Fields

Line 5: Updated Date contains the last date that a change was made to the particular screen. This field cannot be changed by the worker.

Line 7: Do You Want To Initiate A New Assessment? Answering Y to this question starts the assessment driver flow. **Note:** This is not the enrollment driver flow. Enrollments will continue to follow the existing flows for each program.

Line 10: Currently In School

Line 22: PF17 WPTS functionality. Using this PF key will take the worker to WPTS.

Modified Lines/Fields

Line 3: CTY/Tribe field moved from line 4 to line 3. Case Manager field moved from line 5 to line 3.

Line 5: Last Assessment Update field was changed to an output only field. This means that only CARES can change this date.

Line 9: Education History, Original, and Current moved from line 6 to line 9.

Line 10: Highest Ed. Level field moved from line 7 to line 10.

Line 11: Last Year Attended field moved from line 8 to line 11.

Lines 12-14: Where Attended, Degree, MM/YR Received, and Course of Study moved from lines 9-11 to lines 12-14.

Lines 17-21: Original Testing details for Reading, Math, English, Aptitude, and Interest are now output-only fields. Workers cannot make entries to these fields.

Tables

Highest Education Level:	TWED (WP individual education level)
Degree:	TCDT (college degree type codes)

This screen provides a history of test results for a participant. No entries can be made to WPTS by the worker. Each time a change is made to the Current Testing fields on WPED, the information will appear on this screen. CARES will pull forward each set of records, even if only one test result was modified.

```

This screen was created to provide more detail and easier access to information about conditions that may be affecting participation. A new detail screen must be entered for each additional barrier.

Entering a barrier on this screen does not imply that there must be a formal assessment completed for it.

Use PF5 to add additional barriers. Press Enter to return to the driver flow.

Parms

PIN: Accessing this screen using only the participant's PIN will display all currently open barriers in query mode

PIN/Barrier (code): Using these parms will display all sequences of the particular barrier specified. If the barrier is currently open, that screen will be displayed in update mode. All closed sequences and history screens for the open sequence will be displayed in query mode. All updates/changes to currently open barriers must be done using these parms. The barrier code comes from table TWBA.

PIN//A (add): Using these parms will pull up a blank screen for entry of a new barrier. If a worker tries to create a new screen for a currently open barrier, s/he will receive an edit message.

Lines/Fields

Lines 1-5: These lines provide the same information as on all the other assessment screens.

Line 6: DC is the delete code field. Barriers is for the code identifying which barrier is being detailed. This field is mandatory. The barrier code comes from table TWBA. Individual Affected indicates who has the barrier, either the client or a family member. This field is mandatory.

Line 7: Barrier Begin Date identifies when the barrier began. This is a mandatory field. If the barrier has ended, Barrier End Date is the date it ended.

Line 8: Could Barrier Affect Hours Of Participation is a mandatory field. It may be based on the medical capacity form for W-2 or FSET or discussions between the case manager and the client.

Line 9-10: One of the How Soon Can Barrier Be Overcome indicators (< 1 Month, 1-3 Months, 4-6 Months, > 6 months) must be marked. This may be based on the medical capacity form for W-2 or FSET or discussions between the case manager and the client.

Line 12: Who Identified Barrier is free format text.

Line 13-17: Specify The Accommodations That The Agency Will Arrange is mandatory. Comments should be entered on the Explain Accommodations Needed lines.

Line 18-19: If Appropriate, Has Participant Been Referred for Formal Assessment For This Barrier is a mandatory field. Referral Date should be the date the written referral was given to the participant. This is a mandatory field if it is indicated that a referral was done. **Note:** Not all barriers require a formal assessment.

Line 20: Assessment Completed indicates if the formal assessment was completed. Completion Date is for the date the formal assessment was completed. It is mandatory if Assessment Completed is Y.

Line 21: Assessment Completed By should list which provider did the formal assessment.

Line 22: PF5 Add More Barriers functionality saves the current screen and refreshes to a blank screen to add a new barrier.

Tables

Barriers: TWBA (assessment barriers)

This screen has been designed to explain the results of the informal assessment done by the case manager.

Lines/Fields

Lines 1-5: These lines provide the same information as on all the other assessment screens.

Line 10: Is Participant Ready For Unsubsidized Employment should be answered based on the results of the informal assessment. It is a mandatory field.

Line 11: Summary Of Decision should be a complete summary of why line 10 was answered Y or N. Comments can be continued on CMCC if there is not enough room. "See case comments" may be used only if there is not enough room to complete all comments on this screen.

Appendix

Assessment Driver Flow

The component screen (WPCS) is the end of the assessment driver flow. If a worker leaves the assessment driver flow at any point before then, the next time s/he tries to tran to a specific screen within the driver flow, CARES will automatically return to the last screen completed during the assessment.

New Tables

TWBA – Assessment Barriers

AO	AODA issues
CC	Child care issues
CP	Child protection services involvement
DC	Dependent child with behavioral issues
DI	Disabled W-2 group member
DM	Disabled group member non W-2
DV	Domestic violence victim
FE	Felon
HO	Unstable housing/homeless
HS	No HS diploma or equivalent
JO	Dependent juvenile offender
LE	Limited English proficiency
LD	Learning disability
MA	Math assessment below 5.0 grade level
MF	Migrant/seasonal worker
MH	Mental health limitations
OT	Other
PB	Currently on probation/parole
PL	Physical limitations
RA	Reading assessment below 5.0 grade level
TR	Lack of transportation

TWOA – Other Agency/Program Involvement

AO	AODA provider
BT	Birth to three
CA	Community action program
CP	Child protection services
DM	Domestic violence provider
DV	DVR
HS	Head Start
JC	Job center
JS	Job Service
LS	Legal services
MH	Mental health provider
OT	Other
PH	Physical health provider
SA	Social services agency
SD	School district special services
SS	Social Security Administration
WC	Workers compensation
UI	Unemployment insurance

New scores were entered on 5/15/01.
